Netflix Stock Profile

Description of Figures

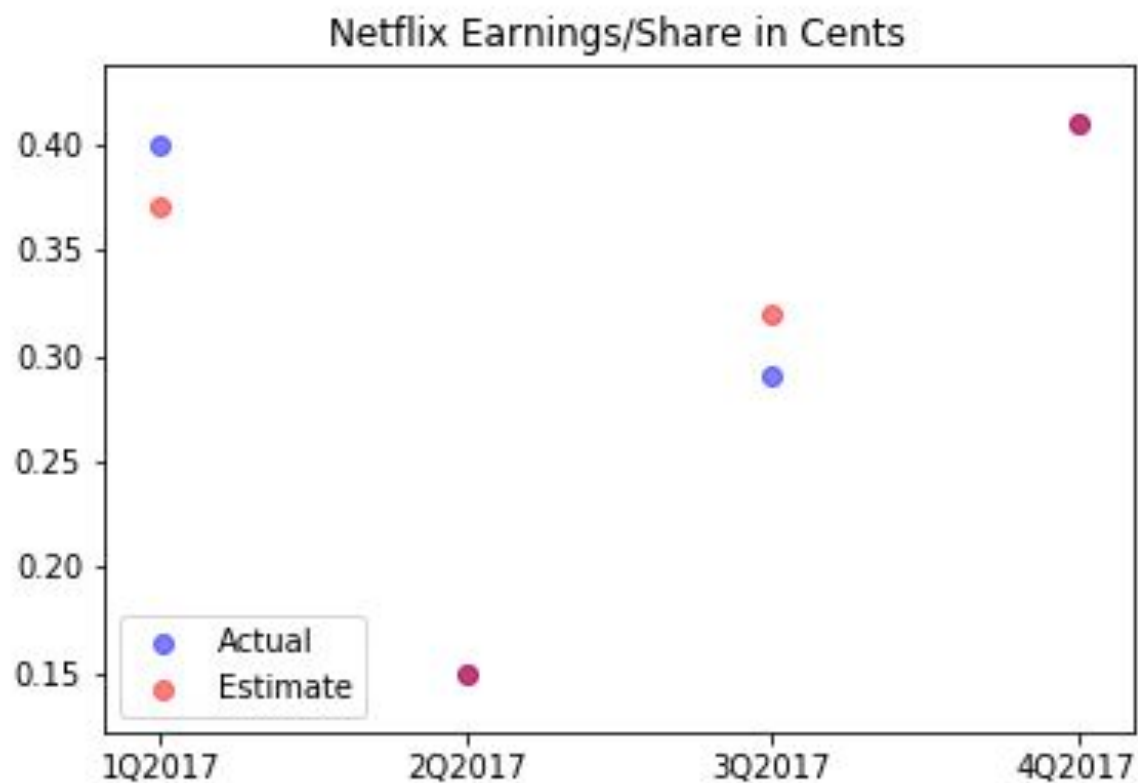

For my role as Data Analyst for the Netflix Stock Profile Team, I have produced the following data visualization figures to illustrate Netflix's stock profile for 2017:

- Figure 1: The distribution of the stock prices for the past year
- Figure 2: Netflix's earnings and revenue in the last four quarters
- Figure 3: The actual vs. estimated earnings/share for the four quarters in 2017
- Figure 4: A comparison of the Netflix Stock price vs the Dow Jones Industrial Average price in 2017
